Clausura: Aun por determinar.

Lugar: C/Epidauro, 53 (Monte Rozas, Las Rozas de Madrid).

La artista brasileña Anaisa Franco regresa a la Galería Adora Calvo para exponer el proyecto que, junto a Lot Amorós, presentó este verano en el festival Eufònic.

Love Synthesizer es un instrumento audiovisual inmersivo que sintetiza sonidos y luces a través del roce de la piel. La obra crea una orquesta interactiva que reacciona al contacto humano.

En el momento que vivimos, donde el contacto está restringido y se potencia el distanciamiento, podemos crear una conexión mágica entre las personas, un espacio donde podamos sentir la conexión entre nosotros dentro de un instrumento musical inmensirvo que sintetiza sonidos y luces.

*Project by Anaïsa Franco and Lot Amorós*  
*Technology Partner: ProtoPixel*
